HOW TO RECORD CLAIMS.

WE are officially informed that it has been arranged that the Public Trustee shall keep a record of:—

(a.) Debts (including bank balances) due to British subjects from persons residing in enemy countries:

(b.) Other property in enemy countries (including securities) belonging to British subjects.

Any person desiring to record such claims or property can obtain the necessary form for that purpose (Form G in the first case and Form H in the second) from the Public Trustee. Applications should be made to the Public Trustee (Trading

with the Enemy Department), No. 2 Clement's Inn, Strand, W.C.

It must be clearly understood that the action of the Public Trustee will be confined to entering upon the record claims of which particulars are supplied to him, and that in no way commits His Majesty's Government either to responsibility for the correctness of the claim entered or to taking any action on the conclusion of hostilities or otherwise for the recovery of the debts or property in question.

The Public Trustee will record claims against enemy Governments in respect of public securities of those Governments held by the claimants, but other claims against enemy Governments (e.g., in respect of goods or property requisitioned or sequestered) as distinct from claims against enemy subjects should be notified to the Director of the Foreign Claims Office, Foreign Office, S.W.

ORDERS IN COUNCIL.

AT THE EXECUTIVE COUNCIL CHAMBER.

VICTORIA, 7th February, 1917.

PRESENT:

THE HONOURABLE THE ADMINISTRATOR
IN COUNCIL.

ON the recommendation of the Honourable the Attorney-General and under the provisions of the "Court Rules of Practice Act" and all other powers thereunto enabling, the Honourable the Administrator of British Columbia, by and with the advice and consent of his Executive Council, doth order as follows:—

1. During the war no probate of a will or letters of administration of the estate of any German, Austro-Hungarian, Turkish, or Bulgarian subject, wherever resident, shall be granted in respect of any assets in this country without the express licence of the Crown acting through the Minister of Finance.

2. In all cases where probate or letters of administration are granted during the war to any person entitled thereto, the grant shall be made upon the condition that no portion of the assets shall be distributed or paid during the war to any beneficiary or creditor who is a German, Austro-Hungarian, Turkish, or Bulgarian subject, wherever resident, or to any one on his behalf, or to or on behalf of any person resident in Germany, Austro-Hungary, Turkey, or Bulgaria, of whatever nationality, without the express licence of the Crown acting through the Minister of Finance; and if any distribution or payment is made contrary to this condition the grant of probate or letters of administration will be forthwith revoked.

3. Any applicant for letters of administration or probate during the war shall furnish evidence to

the satisfaction of the Judge to whom application is made that the person in respect to whose estate such probate or letters of administration are applied for was not a German, Austro-Hungarian, Turkish, or Bulgarian subject; or, failing such evidence, shall produce the licence of the Crown that such probate or letters of administration may be granted. Such applicant shall also give such information as the Registrars of the Courts may require in order to ascertain whether any of the assets would in time of peace be distributable or payable to any such subject, and if required shall make a statutory declaration as to the assets and their disposition in the event of probate or letters of administration being granted.

4. In cases deemed by him proper, the Minister of Finance may sanction the payment of moderate sums out of assets to beneficiaries or creditors who are German, Austro-Hungarian, Turkish, or Bulgarian subjects resident in Canada at the commencement of the war and during the war.

And that the Orders in Council herein, Nos. 741 and 1201, be rescinded.

JOHN DUNCAN MACLEAN,

fe8

AT THE EXECUTIVE COUNCIL CHAMBER.

VICTORIA, B.C., 26th April, 1919.

PRESENT:

HIS HONOUR THE LIEUTENANT-
GOVERNOR IN COUNCIL.

THE Honourable the Minister of Lands having reported:—

1. That the Columbia Valley Irrigated Fruit Lands, Limited (hereinafter called the "Dominion Company"), is a body corporate incorporated under the "Companies Act" of the Dominion of Canada, and pursuant to the provisions of the "Companies Act, 1910," of the Province is authorized and licensed to carry on business in the Province of British Columbia, and is a public-utility company as defined by section 7 of chapter 98 of the Statutes of British Columbia for 1918:

2. That the Columbia Valley Irrigated Fruit Lands, Limited, a body corporate incorporated under the "Companies Act, 1897," of the Province of British Columbia (hereinafter called the "Provincial Company"), did on the 8th day of May, 1912, enter into a memorandum of agreement to assign, transfer, convey, and set over all the contracts, land, buildings, machinery, chattels, irrigation systems, water rights, and all other its assets, rights, and privileges of every kind, description, and nature whatsoever to the Dominion Company, and later did so assign and transfer its irrigation systems and water rights:

3. That by the terms of a private Act, being chapter 63 of the Statutes of 1911, the Provincial Company had been authorized to amalgamate all the water records, licences, rights, powers, and privileges relating to water and its use then held by the Company, and to mingle the water which the Company was entitled to take and use for the common purpose of the Company and to hold the same in gross, and to distribute the water held by the Company among purchasers acquiring from the Company land to which the water rights had been appurtenant in such quantities and upon such terms as might be agreed upon:

4. That the Board of Investigation, acting under Part VIII. of the "Water Act, 1914," did determine that the Provincial Company, by virtue of the said chapter 63, was authorized to divert and hold in gross and to distribute among purchasers of the lands set out in the exhibit marked "B," hereto attached, the waters the use of which had been granted by the water records set out in said Exhibit "B":

5. That the Provincial Company commenced and the Dominion Company continued the construction of two separate and distinct irrigation systems, one called the "Wilmer Division" and the other the "Lake Division," descriptions of which are contained in the said Exhibit "B":

6. That the Dominion Company is prepared to carry and supply water to any and all the lands to which the said water records were at one time appurtenant:

7. That the Dominion Company, after due notice, has by a petition filed on September 21st, 1918, petitioned the Lieutenant-Governor in Council to approve the transfer by the Provincial Company to the Dominion Company of its undertaking and work, and to direct the Comptroller of Water Rights to issue to the Dominion Company a licence for conveying purpose in respect to all the water entitled to be diverted and used under the water records mentioned in the determination order of the Board of Investigation under the "Water Act," April 18th, 1918, a copy of which is attached to the said petition:

8. That no objection has been filed to the said petition:

9. That it is necessary and expedient in the public interest that the transfer of the said water records and the undertaking connected therewith should be approved by the Lieutenant-Governor in Council, and that the Dominion Company be authorized to carry and supply water for irrigation purpose and to collect tolls for so doing:

His Honour the Lieutenant-Governor of British Columbia, by and with the advice of His Executive Council, doth order as follows:—

That pursuant to the provisions of section 14 of the "Water Act, 1914," the said assignment from the Provincial Company to the Dominion Company be approved.

That pursuant to the provisions of section 171 of the "Water Act, 1914," as re-enacted by section 16 of the "Water Act, 1914, Amendment Act, 1919," the Comptroller of Water Rights be directed to issue to the Dominion Company two licences for conveying purpose in the form marked Exhibit "C," hereto attached, one for the Wilmer Division and one for the Lake Division.

CANADIAN CAR DEMURRAGE RULES.

BOARD OF RAILWAY COMMISSIONERS FOR CANADA,
GENERAL ORDER No. 201.

It is ordered that the rules hereinafter set forth shall be known as the "Canadian Car Demurrage Rules," superseding the "Canadian Car Service Rules" prescribed by the Order of the Board No. 906 (General Order No. 1), dated January 25th, 1906—

And it is further ordered that this Order become effective August 20th, 1917.

H. L. DRAYTON,
*Chief Commissioner,
Board of Ry. Commissioners.*

Ottawa, August 1st, 1917.

RULE 1. CARS SUBJECT TO THESE RULES.

Cars held for or by consignor or consignee for loading, unloading, forwarding directions, or for any other purpose.

Exceptions.

(a.) Private cars (loaded or empty) on private tracks of the car-owner.

(b.) Empty private cars stored on carriers' or private tracks.

(c.) Cars containing freight for transshipment to vessel, when moving on through bill of lading and held at railway terminal awaiting boat.

RULE 2. NOTIFICATION.

(a.) Notice shall be sent or given the consignee by the carrier in writing, or as otherwise agreed to in writing by carrier and consignee, with all dispatch after arrival of the car and billing; such notice to show the point of shipment, car initials, and number and the contents, also the initials and number of the original car if transhipped in transit. If notice is mailed the consignee shall be held to have been notified at 7 o'clock a.m. following the date of mailing.

The carrier shall notify the consignee or his carter on application where his car has been placed for unloading. Any time lost to the consignee by default of the carrier in giving such information shall be added to the free time allowance.

(b.) Delivery of cars upon private sidings or industrial interchange tracks shall constitute notification thereof to the consignee. If such delivery cannot be made owing to such tracks being fully occupied, or from any other cause beyond the control of the carrier, written notice of readiness so to deliver shall be given and shall constitute notification to the consignee for the purposes of these rules, in which case the free time shall be computed from 7 o'clock a.m. of the first following day.

(c.) In all cases where notice is required, by removing any part of the contents of the car the consignee shall be considered to have received such notice.

RULE 3. FREE TIME ALLOWANCE.

(a.) Twenty-four hours (one day) after notice of arrival (exclusive of Sundays and legal holidays) shall be allowed for any or all of the following purposes, if necessary:—

(1.) For clearing customs:

(2.) In the case of the consignees not served by private sidings or industrial interchange tracks, to give orders for special placement:

(3.) For reconsignment or reshipment in same car:

(4.) When cars are held in transit for inspection or grading, or are stopped in transit to complete loading, to partly unload, or to partly unload and partly reload, when such privilege of stopping in transit is allowed in the tariffs of the carriers.

(b.) If the twenty-four hours allowed for the above-mentioned purposes are exceeded, demurrage shall be charged.

(c.) Forty-eight hours' (two days') free time (exclusive of Sundays and legal holidays) shall be allowed for loading or unloading all commodities.

Exceptions.

(1.) In the portion of Canada, Port Arthur and west, in which the "Canada Grain Act" applies, twenty-four hours' free time only shall be allowed for loading grain.

(2.) Five days' free time shall be allowed at Montreal and at tide-water ports for unloading lumber and hay for export.

(3.) Manufacturers, lumbermen, miners, contractors, and others, who have their own motive power and handle cars for themselves or others, shall be granted an additional allowance of the time necessary for them to do the switching from and to the designated interchange tracks, but not to exceed twenty hours.

RULE 4. COMPUTING TIME.

(a.) On cars held for loading, time shall be computed from the first 7 a.m. after placement until loading is completed and proper billing instructions are furnished, except that on cars placed for loading grain at stations west of and including Port Arthur free time shall be computed under the provisions of the "Canada Grain Act."

(b.) On cars held for disposal (*see* Rule 3-a), time shall be computed from the first 7 a.m. after the day on which notice of arrival is sent or given to the consignee.

(c.) On cars held for unloading, time shall be computed from the first 7 a.m. following placement on public delivery tracks, provided notice of arrival has been sent or given to the consignee.

(d.) On cars to be unloaded on private delivery tracks, time shall be computed from the first 7 a.m. after actual or constructive placement on such tracks.

(e.) On cars to be loaded or unloaded on tracks of manufacturers, lumbermen, miners, contractors, or others, who have their own motive power and handle cars for themselves or others, time shall be computed from the first 7 a.m. following actual or constructive placement on the interchange tracks until returned thereto. Cars returned loaded shall not be recorded released until billing instructions and other necessary data are furnished.

(f.) When empty cars are placed for loading on orders and are not used, demurrage shall be charged

from the first 7 a.m. after placement until released, without any free time allowance.

(g.) When an empty foreign car is placed for loading via a specific route, so as to protect the ownership of car according to Car Service Rules, and when loaded is offered for transportation by any other route, demurrage shall be charged until the car is unloaded, without any free time allowance.

(h.) Time lost to the consignor or consignee through switching of cars, or through any other cause for which the railway company is responsible, shall be added to the free time allowance.

(i.) In computing free time or demurrage time, Sundays and legal holidays shall be excluded. The exemption for holidays shall not include half holidays.

RULE 5. WEATHER INTERFERENCE.

(a.) If wet or inclement weather, according to local conditions, renders loading or unloading impracticable during business hours, or exposes the goods to damage, the free time allowance shall be extended so as to give the full free time of suitable weather. If, however, the cars are not loaded or unloaded within the first forty-eight hours of suitable weather, no additional free time shall be allowed.

(b.) Should bulk freight be so frozen in transit, or before placement, as to render unloading impossible within the prescribed free time, such additional time shall be granted as may be necessary.

RULE 6. BUNCHING.

(1.) *Cars for Loading.*—When, by reason of delay or irregularity of the carrier in filling orders, cars are bunched and placed for loading in accumulated numbers in excess of daily orders, the shipper shall be allowed such free time for loading as he would have been entitled to had the cars been placed for loading as ordered.

(2.) *Cars for Unloading or Reconsigning.*—When, as the result of the act or neglect of any carrier, cars destined for one consignee at one point are bunched at originating point, in transit, or at destination, and are delivered by the line carrier in accumulated numbers in excess of daily shipments, the consignee shall be allowed such free time as he would have been entitled to had the cars been delivered in accordance with the daily rate of shipment.

Claims for refund of demurrage under this rule to be presented to the carrier's agent within fifteen days.

RULE 7. PLACEMENT.

(a.) "Actual placement" is made when a car is placed in a reasonably accessible position for loading or unloading.

(b.) Delivery of cars to private sidings or industrial interchange tracks shall be considered to have been made when such cars have been placed thereon, or when they would have been so placed but for some condition for which the consignee is responsible. When cars can not be so placed, the carrier shall notify the consignee in writing of its inability to deliver the cars because of the condition of the private siding or interchange tracks, or because of other conditions attributable to the consignee. This shall be considered "constructive placement."

Should the delivery require interswitching, the switching carrier shall notify the line carrier when for the aforesaid reason cars cannot be placed, and the latter shall furnish the former with particulars of cars ready for transfer (numbers and initials and points of shipment, contents and consignee, and if transhipped in transit the numbers and initials of the original cars). The switching carrier shall give this information to the consignee, with notification that the said cars are under constructive placement.

(c.) When delivery cannot be made on specially designated public delivery tracks on account of such tracks being fully occupied, or from any other cause beyond the control of the carrier, the carrier shall send or give the consignee notice in writing, or as otherwise agreed to by carrier and consignee, of its intention to make delivery at the nearest point available to the consignee, naming the point.

Such delivery shall be made unless the consignee shall before delivery indicate a preferred available point, in which case the preferred delivery shall be made.

RULE 8. CUSTOMS OR INSPECTION DELAYS.

Demurrage shall not be collected from the consignee for any delays for which Government or railway officials may be responsible.

RULE 9. DEMURRAGE CHARGES.

After the expiration of the free time allowed, the following charges shall be made for each day until the car is released:—

\$1 for the first day or fraction thereof.

\$2 for the second day or fraction thereof.

\$3 for the third day or fraction thereof.

\$4 for the fourth day or fraction thereof.

\$5 for the fifth and each succeeding day or fraction thereof.

RULE 10. NON-PAYMENT.

If payment of demurrage charges properly due on cars held on public delivery tracks be refused, delivery of only the car or cars on which such charges are due shall be withheld by means of sealing or locking, or by placing where such cars shall not be accessible.

If the owners or users of private tracks, or the owners of industrial tracks referred to in Rules 3 and 4, refuse to pay any charges which may already be due, delivery of cars to such sidings or tracks shall be suspended, and delivery shall be made on any available public team track until such charges have been paid. ap24

MUNICIPAL BY-LAWS.

A By-law to provide for the Drainage of certain Lands in the Vicinity of Elk Creek, in the Township of Chilliwack, and for borrowing on the Credit of the Municipality the Sum of Seven thousand five hundred dollars (\$7,500) for completing the same. Provisionally adopted the 10th day of May, 1919.

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll, of the property hereinafter set forth to be benefited by the drainage have petitioned the Council of the said Township of Chilliwack, praying that: "An engineer examine and report on the drainage of the following area: Commencing at the south-west corner of the North-west Quarter of Section 24, Township 26; thence east to the high land; thence following the base of the high land in a north-westerly direction across Sections 24, 25, and 30 to the north-east corner of Section 30, Township 29; thence north to the north-east corner of the South-west Quarter of Section 31, Township 29; thence west to the north-west corner of the South-east Quarter of Section 35, Township 26; thence south to the south-west corner of the North-east Quarter of Section 23, Township 26; thence east to the point of commencement":

Smith, C.E., and an assessment to be made by him of the land and roads to be benefited by such drainage, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such drainage by every lot or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said W. C. Smith, C.E., in respect thereof and the said drainage being as follows:—

ENGINEER'S REPORT.

CHILLIWACK, B.C., May 8th, 1919.

To the Chilliwack Municipal Council,
Chilliwack, B.C.

GENTLEMEN,—I have the honour to submit the following report on the proposed Elk Creek drainage project:—

Heretofore I have had the privilege of submitting two reports on this project wherein the various problems involved and the works required were dealt with in considerable detail. The present report is designed and briefly sets out in a general way the works necessary to accomplish the desired drainage. The plans and profiles of the recommended works were submitted to you on the 23rd day of April, 1919. Pursuant with the instructions of the Honourable the Minister of Agriculture and at the request of your honourable body, I proceeded to the vicinity of Elk Creek on the 3rd day of April, 1919, for the purpose of surveying the ground and studying the conditions obtaining in the proposed drainage area. As a result of careful examination I would recommend the following works as being necessary to accomplish the desired drainage:—

(a.) The deepening of the Elk Creek interception-ditch from a point situate 1,320 feet south of the north-west corner of Section 24, Township 26, and its outlet at Hope Slough.

(b.) The deepening of the channel of Elk Creek from its interception with the Elk Creek interception-ditch to a point about 690 feet east of the centre point of Section 25, Township 26.

(c.) The dredging of a ditch from a point situated about 690 feet east of the centre point of Section 25, Township 26, in a due east direction to the north-east corner of the South-east Quarter of the said section.

(d.) The dredging of a ditch from the point where Elk Creek crosses the east line of the North-west Quarter of the said section in a due south direction to a point about 660 feet north of the south-west corner of the South-east Quarter of the said section, and from thence in a due east direction for a distance of about 1,000 feet, more or less, the actual distance to be determined by the engineer at the time of construction, the object being to collect the waters of Elk Creek without actually tapping the stream in order to prevent as far as possible the filling-up of the ditch with the gravel carried by the creek.

The cost of the various portions of the work as outlined and lettered above is estimated* approximately as follows:—

(a.) The dredge cut north to C.N.R.,	
9,250 lin. ft.	\$1,880 00
Hand-work north of C.N.R., 2,400	
lin. ft.	1,000 00
(b.) Dredge cut, 5,000 lin. ft.	1,000 00
(c.) Dredge cut, 1,900 lin. ft.	650 00
(d.) Dredge cut, 3,200 lin. ft.	1,200 00
Clearing right-of-way, 3,200 lin. ft.	600 00
Contingencies to cover engineering, clerical work, extras, and replacing of bridges, etc.	798 00
Total	\$7,128 00

The various parcels of lands benefited by the proposed works are set out in the following table, along with the assessment required to raise the necessary sum to carry out the proposed works:—
